JUNIOR GOLF SPOTLIGHT

Grade: 8th
Handicap: N/A
Favorite Club: Driver

Let us introduce you to Jayden Jews. Jayden is a Premium Member. She is a golfer and a dancer who has danced with the Alvin Ailey camp in her city. One of the highlights of her golf career is making a putt with a hybrid club. What a way to be creative on the golf course. She is currently working on her putting which we think is a great idea. Perfecting your short game is the best way to shave strokes off your score. We're definitely rooting for Jayden and can't wait to find out what her handicap is, once she gets her putting in order.

Jayden isn't the only golfer in her family. Her father, DeBrandon Jews Sr., is the President of Yooto'pea Golf LLC. Yooto'pea Golf, a mens golf apparel and accessory company. You may have heard of their annual 3 Club Classic which benefits The First Tee of Baltimore. It's probably hard not to be a fan of the game when your dad has a golf company, right? 😊

To play, or not to play. Is that even a question?

SO, YOU WANT TO PLAY COLLEGE GOLF?

Many of those emails we get are from parents of junior golfers who want to play college golf.

Are you good enough?

A good way to get an idea is to look at the high school bios of golfers currently on the roster of schools that interest you to see how you might compare.

As you can see, not every high school golfer gets the opportunity to play collegiate golf. However, you can pursue a career in a field that interests you and still be connected to golf. Check out the *Career Corner* each month where we highlight a professional who has combined their love of the game with their career.

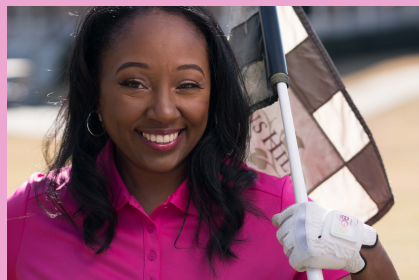

Also, check out our feature next month on the Professional Golf Management Program which exists at 18 colleges and universities in the U.S. It's a great way to marry your love golf while pursuing a degree.

TIFF TALKS

BE PROACTIVE

I Received an email a few weeks ago from one of our Clemson Summer Scholars, Ryanne. She asked if I would write her a letter of reference. I was impressed with her request for two reasons; 1) she didn't wait until she needed it to ask and 2) she included her resume with her request.

If you wait until Spring to ask your favorite teacher, coach, counselor for a letter you'll be taking a risk as they may not have time to get it back to you by your deadline.

To make things easy, do what Ryanne did. She asked early and she sent me her resume so I didn't have to go back and forth via email asking about her achievements.
